1962 FERRARI 250 GT PF CABRIOLET

An outstanding example of one of the most underrated open V12 Ferrari's.

Total concours restoration by the Ferrari Classiche Department just completed with interior by Luppi and mechanicals by Terry Hoyle (2010-2013).

Fully matching numbers and currently undergoing Classiche Certification, supplied with an original hardtop (not shown in pictures).

Just arrived at the mews and without question the finest example of a 250 PF Cabriolet we have ever seen.

Best of show winner at the annual UK Ferrari Concours at Walton Hall 2013 and drives as well as it presents.
